

## SAID IN CYPRESS

By Newsy

We're going to have to sacrifice anything we might have wanted to say in this week's column that might have been witty and/or wise to a condition in the backshop over which we have no control.

In the following weeks just prior to the June primaries, we are going to be "loaded". This editor intends to follow the same policy she has in the past—that is, to present the material from ambitious candidates as it is given to us, and let you, the reader, draw your own conclusions. That is the wonderful privilege of the country in which we live. We feel that you, the public, are just as smart as we are, and just as capable of drawing your own conclusions from the material which is presented to you through radio, the press, television and personal contact. Most of us have no county or civic political "axes to grind" because of our employment or other commitments, and therefore are free to pick and choose at our own discretion. Naturally, we will each have favorites for one reason or another. Some of the candidates we know personally, while the incumbents have never made it a point to cross our paths. In the final analysis, the "Peepul's Choice" lies with us—the people.

We have heard it rumored that the names of three members of the Kroesen family were inscribed upon the nomination papers of a certain candidate. Neither Dale nor I live in Buena Park, and neither of us bear the first name of Paul. Any person giving out such information must have been looking through his trifocal glasses that day!

## Kids Eligible To Test Marble Skill

"Knuckle down" bids fare to become a familiar phrase when school reconvenes after Easter vacation if plans of the Veterans of Foreign Wars are successful.

A marble contest of nationwide scope is being projected into the near future. Children will enter local contests, then winners will vie in competitive interschool play-offs, and finally into county, district and national play-offs.

Dean Criss, teacher in the Cypress elementary school in charge of the local event, says that 39 fourth graders, 17 fifth graders, 21 from the sixth grade, 21 from the seventh and 11 eighth graders have signified their intention of competing.

Interested residents who would like to watch the matches should contact the school for time and place of the various contests, Criss said.

According to H. J. G. Kreissler, school play-offs will be scheduled about April 21 or 23, with an interschool match to take place about April 23.

## BUILDING PERMITS

Valuation of building permits issued in the Buena Park area during the past week totaled \$23,902, according to records of County Building Inspector Charles Donohue, with Cypress having \$10,950 in permit valuations. Total for the entire unincorporated area of the county for the week was \$716,106.

Cypress permits included an \$8000 residence for Paul A. Johnson, 5361 De Long st., and a \$1700 carport and play room for John C. Stevens at 9096 Walker st.

Mrs. Mabelle Dyer was a visitor during the last day of the International flower show at Hollywood Park on Sunday.

## Faulkner Is Supervisor Candidate

Edward Faulkner has announced that he is candidate for supervisor in the 3rd district in Orange county. A young, aggressive business man, Faulkner promises the long-needed, progressive minded attitude the district wants in public office.

Believing the adage that "nothing succeeds like success", Faulkner, at the age of 38, points to a long line of major accomplishments in business and civic affairs.

Having headed two successful corporations in recent years, he established business offices of the Ring-in Chemical laboratories, which he now owns, in Buena Park. The automotive chemical his laboratory manufactures is distributed all over the United States and Hawaii. He is business manager of two hospitals located in Artesia and Long Beach.

Faulkner activated and headed as president for two years the Stanton Chamber of Commerce. While serving in that capacity he led the fight for lights, sewer, water and fire protection. He served on the board of directors of the Associated Chambers of Commerce of Orange county for two years.

An active Lion, Faulkner was a charter member of the Stanton club and now belongs in Buena Park. He headed the March of Dimes campaign for the Buena Park area which was sponsored by the Lions club.

Born and schooled in Kansas City, Faulkner moved to California in 1939, building his present home at 9902 Western Avenue in 1947. He has one daughter, Pamela, 10 years of age, living at home.

Faulkner points with pride to an excellent war record, attaining the rank of major, and serving the last year of the war as an administrative officer with the air force in Washington, D. C. Active in sports, he still holds records in distance swimming established in seven years of competition in the midwest.

## Early Tax Exemptions May Be Filed

Ben Liebermann, Orange County Veterans Service Officer, has joined County Assessor Hugh Plumb in urging veterans who own property in Orange County to file early their \$1,000 property tax exemption.

The state constitution, which extends the tax exemption to veterans of all wars—including the Korean emergency—requires applications to be submitted to the Assessor's Office between the first Monday in March and the last Monday in May, the officers pointed out. The filing period this year runs from March 3 through May 26, 1952.

It was stressed by both county officials that wives of property owners now in active service may file the tax exemption on behalf of their husbands. The exemption does not apply, however, to property assessed at a value of more than \$5,000.

Veterans of World War II who

## GOOD FRIDAY LENTEN SERVICE

Special noon union services will be held in Friday, April 11 in the Cypress Church of the Nazarene. Participating will be the three churches in Cypress, Faith Tabernacle, the First Baptist church and the Nazarene church.

Hawaiian Gardens churches will also participate, as in the past. The hour-long service, from 12 noon to 1 o'clock, will feature special music. Everyone is invited to join in the worship service, and many of the local stores will close their doors during the hour.

## RECEIVE NEWS OF SERVICEMEN

Jesse D. Guerra, son of Mr. and Mrs. Tibucio Guerra, 4801 Lincoln ave., was recently promoted to the rank of sergeant. He received the promotion while serving on the Korean battlefield with the Second Infantry division. Guerra entered the army in February 1951.

Hollis D. Woodmansee, aviation machinist's mate, third class, USN, is serving with Fighter Squadron 783 at the U. S. Naval auxiliary air station at Miramar, San Diego. His wife and baby are with him in the southland. Woodmansee is the son of Mr. and Mrs. Hollis D. Woodmansee, Sr., of 5592 Crescent st.

Jimmie E. Keeling, machinist's mate, second class, is serving aboard the landing ship dock USS Epping Forest, operating with the Pacific fleet. His parents are Mr. and Mrs. Clare Keeling of Los Alamitos.

Another Los Alamitan, Pvt. Eli H. Crowell, son of Major and Mrs. Eli H. Crowell of Los Alamitos, is serving in Korea with the 45th Infantry division.

(Editor's note: Will the parents of PFC Lawton Jordan please contact this newspaper?)

## Boys Win 2, Girls Lose In Baseball

Laurel elementary school visited Cypress last Friday. Teams from the two schools engaged in the first league baseball games of the season.

Cypress A boys' team won from the Laurel A team 6-4. The B boys' team also won, from the Laurel B team 4-2.

In the final tilt, the girls on the Cypress team lost to the Laurel girls' team by a score of 37-14.

were in service at any time between December 7, 1941, and May 16, 1946, are entitled to the tax exemption, as well as Korean veterans who had service after June 27, 1950, when the Korean conflict began.

Unremarried widows of California servicemen and in some cases the widowed mothers or pensioned fathers of deceased servicemen are eligible for the \$1,000 tax exemption, it was added. Information is available at the County Assessor's Office.

## Judge Discusses County Courts

The Honorable Lloyd Verry, judge in the Fullerton court, outlined the system of courts and discussed the new court reorganization bill at the Cypress Kiwanis club meeting Monday night at Lloyd's Drive-in.

He was introduced by the program chairman, Haskell Kelley.

Russ Flynn presided at the meeting in his capacity of vice-president in the absence of the president, Dick Hathcock. Alene Rogers played piano accompaniment while the Rev. W. D. Howard led the group singing.

Newly accepted member was Wes Westover, and Ray O'Halloran was a guest.

## Elect Daniel Post Commander

Charles Daniel was elected commander of the C. R. Rogers Memorial VFW Post No. 9847 at last week's election. Chosen to serve with him were Don Wedeking, senior vice-commander and Leon Sewell, junior vice-commander.

Harold Hall is quartermaster, Lawrence Plummer is chaplain and H. J. G. Kreissler, judge advocate. Robert Valentine was named post surgeon, George DeLoof three-year trustee and Larry Kelch adjutant.

Serving as delegates to county council will be Sewell and Tom Demiris. Wedeking and Lee Shear will act as alternates. District delegates are E. E. Goodman, Ray E. Lucas, Kreissler and Demiris. Serving as alternates will be Sewell, Wedeking, Plummer, Shear, Hall and Charles Sanders.

Looking ahead to the post's project which has always provided the biggest contribution to the building fund, a committee was appointed to take charge of the Fourth of July fireworks sales. Kelch was appointed chairman with Kreissler, Hall and Shear as the other members.

## Softball Team Seeks Support Of Merchants

Merchants in Cypress will be asked to again support their favorite softball team, the Cypress Merchants. This year the team will join the Anaheim city league at a substantial reduction in entrance fee. However, there is a fee to be met, and the team will need bats and balls. They already have their uniforms.

Jim Wright, former manager, will this year be in charge of three leagues which the Anaheim Recreation park system has taken under sponsorship—church, city and industrial. He states there will be some unusually fine prizes, and that the set-up is one of the largest in Orange county. These duties are in addition to his schoolwork.

Teams from the surrounding towns are also joining this league. Cypress softball team won three years out of four in the Norwalk

## New Office For Cypress Hay Company

Steady growth in their business after five successful years here has resulted in a fine new office for the partners of the Cypress Hay company. Gilbert Spaan and Tony Rietkerk are now occupying a stucco building 26x124 which is constructed on their 1½ acres of land at 5031 Lincoln ave., on the corner of Moody st.

Dairymen and others in the vicinity are invited to drop in any time and inspect the new quarters which consist of a general office and a private office, and a large storeroom which can be converted into office use if needed in the future. A practical idea was developed with the installation of a shower room for the truck drivers to freshen up after unloading. Indirect lighting and venetian blinds are two outstanding features of the attractive building. A solid parking area has been achieved through the use of gravel and crushed rock.

The old office building has been retained at the back of the lot. It is used as a bunkroom for the hay truck drivers to sleep in.

Spaan is responsible for the buying in the firm, and Rietkerk, aided by Fred Grasman, are the salesmen. Sources of their supply are from the San Joaquin and Imperial valleys.

## VETERANS MAY RENEW INSURANCE APPLICATIONS

Veterans who try to renew their term-plan National Service Life Insurance but are turned down because of an incomplete application may have another chance to renew—even if their policy has expired, Ben Liebermann, Orange County Veterans Service Officer, declared.

He said the Veterans Administration has decided to reconsider rejected renewal requests from former USLI term policy holders who didn't have time to correct and re-submit their original requests before their term policies ran out.

These two types of rejected applications are listed which the VA is now reconsidering:

(1) The policyholder had paid his final premium on time, and also had sent in a renewal premium based on a rate at least as great as his expiring premium rate—but his application was incomplete.

(2) The policyholder sent in a renewal premium, but neglected to pay the final premium on his expiring term policy.

Even if the policyholder's renewal payment was sent back, the VA will still reconsider another application, so long as the applicant had shown his intention to renew by sending in a renewal premium. Anybody who thinks his rejected application for term NSLI deserves reconsideration under this new ruling should fill out another application on VA Form 9-1658 and send it in with his renewal premium, without waiting for notification from the VA. However, the provisions apply only to term-level policies.

Park league, and their is no reason why they can't be champions in the Anaheim league.

### ANYBODY GOT ANY WOODEN NICKELS?

Look, bud, the next time anyone admonishes you not to take any wooden nickels, sneer in a superior way and tell him the story of the Minneapolis bank that recently decided to give away wooden nickels for souvenirs of its 50th anniversary.

Because of high taxes and inflated costs, the wood products manufacturer found he had to charge the bank 8 cents apiece for the wooden nickels! So hang on to any wooden nickels you can find; any day now, along with beads and sea shells, we may be using them for a medium of exchange. —Calif. Feature

### REGISTER NOW!

Registration for the June 3, primary election in California will close on April 10. That fact will be repeated many times in the next week. Hardly anyone will escape the information. But how many will register, and after that, how many will actually vote?

The answer is, unfortunately, not nearly so many as should. It's up to the individuals eligible to vote, to decide whether they will bother to take part in the election of those who govern them and make the laws. One would think that with citizens having so many gripes about taxes, abuses of government powers and the like, that the registration and voting would be close to 100 per cent. But too many could-be voters have a "weather" complex—they like to talk about what's wrong in government but they never DO anything about it.

Anyway, we repeat, you have until April 10 to register. And if you wish to vote you must register if you have reached 21 years of age since the last election, or have changed your name, or have changed your residence or did not vote in the last general election.

Remember the date — April 10 — and remember your responsibility as a citizen. —Calif. Commentator

## I RISE TO REMARK

By JOHN PHILLIPS

In one department of the Congress, we are moving with greater rapidity than last year. The appropriation bills are coming to the Floor. First out was the bill for the budgets of the Post Office Department and the Treasury, followed by the 3rd Supplemental bill.

This suggests that I call attention to the fact that the budget figure, totalled from the regular bills, is seldom, if ever, the final figure for the taxpayers' bad news. When Congress returns in January we send out deficiency and supplemental bills. That was one of the factors which made the so-called "package budget" deceptive. It was too much a device for the "spenders" — and never could be, in fact, one-package.

The Independent Offices bill, from the subcommittee on which I am now the ranking Republican member, followed. I had hoped to give you a final report, but I shall miss it by one day, in order to get this letter mimeographed and in the mail. The bill contains the requests of several dozen agencies, not attached, except in one instance, to Cabinet departments. It is hard to say what figure to use for an exact number, as for example, the Housing and Home Finance Agency has under that head the Federal National Mortgage Association, the Home Loan Bank Board, the Federal Savings and Loan Insurance Corporation, the Home Owners Loan Corporation (you thought that had been liquidated, didn't you? We are still appropriating money, or allowing the use of previously appropriated money, for "final liquidation."), the Federal Housing Administration, and the Public Housing Administration, most of which come separately to explain their requests, while the "Office of the Administrator" has a separate budget, covering defense housing, public works advance planning, Alaska housing, and other items. That mystic maze we used to read about when we were young must have seemed like a California highway, compared with federal organization and financing.

Our bill has three parts. We have the independent offices, as the name implies; we have the expenses of the Executive office, which means the President's budget, and the White House operations; and we have the "General Provisions" of the entire budget. The total request to us was for \$6,978,687,043. We cut that amount in committee a little better than 10% or a 16.6% cut on items we can control. Few people realize the extent to which non-controllable items make up the federal tax bill, due to the pressures on legislative bodies, and the weaknesses and generosity of elected officials. There seem to be two delusions: first, that money from Washington doesn't cost anybody anything, and second, that the federal government can do anything better or more cheaply than it can be done by local money under local supervision. Both are as wrong as they are dangerous.

## The \$58-Billion Question

One result is that you are now being charged, each year, \$6.2 BILLION for interest alone, on the national debt. That is more than the entire budget of the United States as recently as 1933.

Take these items from the Veterans' Administration: Compensation and pensions \$2,204,351,000; Military and Naval Insurance \$6,854,000; Hospital and Domiciliary Facilities \$153,600,000; National Service Life Insurance \$54,072,000; servicemen's indemnities \$8,595,000. Then add money for strategic and critical materials (exclusive of salaries or construction) \$181,129,537; and ship construction already contracted, \$140,000,000, and we have a total of \$2,753,601,537 not susceptible to reduction, out of a total request of less than \$7 billion. It is something for the taxpayers to think about.

(Continued on Page 7)

## Cancer Drive Lists Dangers

"After a long illness" — an article appearing in the April issue of the Reader's Digest, narrates the tragic story of the death of Mrs. Bruce Barton.

"It is one of the most moving personal stories ever told about cancer," said Worth Babbitt, Orange County Chairman of the 1952 Fund Drive, "and it should be of immense value in the Cancer Crusade; helping to save many lives. I hope everyone reads it."

"The article opens with the words — 'She dies after a long illness' " Babbitt continued. This is the kindly phrase that the newspapers use to spare the feelings of the family and friends, but I wonder if it would not be kinder to come right out and say 'She died from cancer!' I wonder whether we do not need to be shocked by a fresh reminder of how awful cancer is and how close it is to everyone of us."

The narrative closes with a lament that had it not been for the fatal delay in consulting a physician, Mrs. Barton might well be alive today. A visit to a physician at any one of seven danger signs is a paramount warning of the Society in the prevention of cancer deaths. "These seven signals, while they by no means definitely indicate cancer, do have sufficient basis upon which to justify an examination by your doctor" said Babbitt. The Society lists them as follows: any sore that does not heal; a lump or thickening in the breast or elsewhere; unusual bleeding or discharge; any change in a wart or mole; persistent indigestion or difficulty in swallowing; persistent hoarseness or cough; any change in normal bowel habits.

## Wildflowers Begin To Bloom In Desert

One of the most prolific displays of wild flowers in recent years is expected to adorn the Southland this spring, following the abundant winter rains.

In some desert areas now flowers and blossoms are bursting into full bloom, the Touring Bureau of the Automobile Club of Southern California reminded flower lovers today (Tuesday).

Wildflowers are at their height now in the Tule Indian Reservation east of Porterville. While in Imperial County, there is a good display of mixed desert flowers on the east side of the sand dunes in the vicinity of Amos siding on the Southern Pacific Railroad.

Farther north in Riverside County, verbena, desert gold and primrose are beginning to show in profusion along California Highway 111, between Palm Springs and India, the Auto Club added.

Desert lilies are in bloom between Mecca and Box Canyon along Highway 195, leading to US Highway 60-70.

There is a good display of desert gold, poppies, yellow-green desert dandelions, lupine, canterbury bells, brittlebush, phacelia and purple chia about 26 miles east of Indio.

A colorful display of desert verbinia, primrose, daisy, dandelion and lilies is reported around Clark Lake and Peg Leg Smith Monument in Borrego Valley. The ocotillo is green and budding, however, it is too early for the best blossoms.

Cherry blossoms are now in bud in the Beaumont area.

# Faulkner Stresses County Economy

Edward Faulkner

I became a candidate for county supervisor for several reasons. One is that I shall seek more economy in government. Another is that I feel strongly that the Third District deserves better representation than it has been getting in the past four years.

The Third supervisorial district, embracing all of northern Orange county, is the largest, industrially and agriculturally, of any district in the county. Yet it has had relatively the least share of the benefits of county government.

There are some features of our county government that in my opinion offer opportunity for economies. It is not my intention to promise wholesale tax cuts and shout about what I am going to do when I get on the board of supervisors, and then do nothing. We heard that four years ago.

But I do have in mind certain functions of county government in which I believe savings can be made. I will discuss these functions in due course. It will be my purpose to work toward such economies in cooperation with other members of the Board of Supervisors.

It will be my purpose to work constructively with the other supervisors, and not obstructively. I have no intention of bullying them or defying them, or taking the opposite side just to show my independence. Like everyone else in northern Orange county, I have observed the unfortunate result of such a course these last four years.

## GROUP PRACTICES IN WESTMINSTER

First of a series of practices for a newly formed installing team in the auxiliary to the Veterans of Foreign Wars was held Monday evening in Westminster.

Going from Cypress were Mmes Ruth Lockman, Bea Hahn, Milam Williams, Malvern Blake, Castella Rogers, H. J. G. Kreissler, Tom Demiris, Leon Sewell, Ray Lucas, Frank Buzzo and E. E. Goodman.

Our district has had independence, while the other districts have had the fruits of county government.

I do not believe that all the other supervisors were out of step.

It will be my purpose to change isolationism to cooperation. To get a fair share of benefits for the Third district. To work sensibly with the other supervisors for the benefit of the county as a whole. I see no reason why I cannot cooperate with other members of the Board and still maintain independence of judgment.

I hear on every side the opinion that our district needs efficiency and can spare the spectacular, an opinion that would not be so general if not borne out by the record.

The opinion also is being widely expressed that our district needs a supervisor with the youth to carry the weight of the job through the next four years, and at the same time, the business experience to apply mature judgment to its problems.

My candidacy is the result of the conditions and needs upon which these opinions are founded.

Pol. Adv.

DEFENSE IS YOUR JOB, TOO!

## Storm Water Basis Of Suit

Charging diversion of storm waters, which they claim resulted in flooding their property, three Cypress ranchers had a suit on file in superior court this week against J. J. Denni, Sr., prominent rancher and director of the Orange County Water district; his son, J. J. Denni, Jr., and the Cox Construction Co. Plaintiffs ask \$44,977.25 damages.

Donald L. Mann sued for \$17,977.25, Wilmer D. Haley asked \$13,600, and Walter A. Schlemmer a like sum. The wives of three ranchers also were listed with them as plaintiffs.

The complaint on file alleges that the flood waters normally led away from their property. The Denni's caused the construction firm to fill in this ditch along the Denni property on Juanita st., so that the storm waters inundated property of the plaintiffs, west of Juanita st.

## New Limits On Air Parcel Post Going Overseas

The Department of Defense has notified the Post Office department that the volume of air parcel post now being sent to members of the armed forces and civilian government employees served through military post offices overseas and on naval vessels has reached the point where the available aircraft space is being exceeded.

It is necessary to impose limitations on air parcel post for delivery through military post offices overseas and to naval vessels.

Effective March 15, 1952, the limitations specified below were applied to air parcel post addressed to APO's in care of the Postmasters at New York, San Francisco, Seattle and New Orleans; and to Navy and Marine Corps units, including ships addressed in care of fleet post offices at New York and San Francisco. Limitations are as follows:

Limit of size—30 inches in length and girth combined.

Limit of Weight—2 pounds.

Postmasters will continue to accept surface (by boat) parcels not exceeding 100 inches in length and girth combined, and 70 pounds in weight, addressed to military post offices overseas and to naval vessels.

**Nazarenes  
Prepare  
For Easter**

Extensive repair work and re-modeling have been undertaken by members and friends of the Cypress Church of the Nazarene the past two weeks. The ambitious program of rejuvenation is expected to be completed in time for the Easter season services.

Besides a thorough housecleaning and new paint where needed, the small rooms in the Sunday School annex have been fitted with special blackboards and pin-up boards and the floor of the entire building laid with new flooring. Carpenters have also constructed new desk-type chairs for the youngest pupils.

The kitchenette off the missionary hall has received the full

treatment, boasting a new stove, built-in sink, and facilities for hot and cold water. The meeting-hall received new drapes at the windows.

The Rev. W. D. Howard, pastor, has announced that all will be in readiness for the services beginning with a candlelight communion service on Thursday even-

## School News

Easter vacation at Cypress Elementary school begins on Saturday, April 5 and ends with the re-opening of school on Monday, April 14.

The schoolhouse will be closed on Good Friday, April 11, from 12 noon on, according to the superintendent, Miss Elizabeth Dickerson. Many churches in the area will hold services of religious significance on that day.

Teachers in the sixth, seventh and eighth grades have been working hard on various committees. A new curricula for the Junior High school is being mapped if the public is in favor of such a building program.

## SECOND GRADERS "BIG TIME" NEWS

Miss West's second grade students were successful in winning the Thrift banner for their division recently.

The boys and girls were so proud that they wrote up a nice story about it for the school paper, the "Cypress Globe." Somehow the story was lost, so the "Globe" staff promised to write the story for the "Enterprise" instead.

We hope there will be room for it and that the children will enjoy reading their news in a real paper.

## Party Thrills Families Of Junior Club

A "progressive" party which began early in the evening and "progressed" through five courses of a dinner meal, was a highlight on the year's calendar for members of the Junior Women's club and their husbands and families Saturday night.

The group gathered at the home of Mr. and Mrs. Joseph Penkunas on Crescent avenue where they were served appetizers. A drive followed to the home of Mr. and Mrs. Melvin Weir in Artesia for the soup course.

Salad was the responsibility of Mrs. James Palmer, which found the club group back in Cypress at Mr. and Mrs. Palmer's home on La Homa street. Mr. and Mrs. N. L. Chapman opened their home on Grace street next, where the main course, baked ham, delighted the members.

Adieux were said following dessert at Mr. and Mrs. George Gambles' home in Paramount. Twenty-four participated in the affair.

## Affair Fetes Mrs. O. Kelley

Mrs. Oscar Kelley was feted at "no-hostess" affair given in the social hall of the Nazarene church last Thursday evening. Mrs. Kelley formerly lived in Cypress and was active in work of the church.

Mrs. Kelley participated in a humorous game with three other contestants, which resulted in her being led to an array of packages which were predominately pink and blue wrappings.

After the gifts had been opened, delicious refreshments were served which featured tiny tea sandwiches made out of pink and blue bread, a variety of homemade cookies, and punch and coffee.

Attending the shower were Mes. Preston Allen, James McCoy, John Lukens, James Palmer, Charles Lennerville, Hal Shirey, Lloyd Shirey, Rolla Rhodes, L. E. Matthews, N. L. Chapman, Frank M. David, R. C. Guinn, Walter Allen.

Mmes W. D. Howard, Stanley Martin, A. E. Holborow, D. DeWitt, Jeff Davis, Alva Kuykendall, J. C. Napier, Charles Thomas, Dave Bock, Leon Ferguson, Earl Sartwell, Irene Santhoff, Percy Coffman, James Palmer, Hollis Woodmansee, Ocie Ferguson, Charles Martin, J. T. Thrower, Melvin Callahan, the Misses Gayle McCoy and Jayne Chapman, and young Jimmy Kelley, the honoree's son.

## "Camp-Outs"

by Raymond Edwards  
5412 Camp Street

Tom Ronan and his mother have left for New York, where they will make their home. We hear of another family leaving soon for Georgia. Wanna thumb a ride?

With another baseball season about to get underway, grandmothers become subject to serious illnesses; salesmen get afternoon appointments; chores get forgotten and lawn neglected. Who cares? It's spring!

Pay your box rent at the post-office and receive a free candy bar. See Mrs. Pugh.

Flash! Our boy scouts took a trip on Saturday to Irvine park—and it didn't rain. Never give up, Warren—three times you tried; this time it worked.

It's nice to be out again after a long siege of nephritis. The doc promises a return to work about May first. It's been since December now.

## MRS. A. COLLINS TO HOSTESS CLUB MEETING

Cypress Women's Community club will meet Tuesday, April 8, in the home of Mrs. Arthur Collins, 9771 Walker st. She will be assisted by Mrs. Wallace Frazier at the dessert luncheon at one o'clock prior to the business meeting.

Much merriment resulted in the first "come as you are" breakfast held Tuesday morning. Guests were called upon without warning about 8:30 o'clock and taken to the home of Mrs. Haskell Kelley. She and her committee, Mrs. Earl Essex and Mrs. Richard Hathcock served a delicious meal which netted the club a profit of about \$5.65. Thirty-two, including the children, enjoyed the committee's hospitality.

Mr. and Mrs. Roy McAllister and two sons, Robert Dean and R. D., 5602 Danny avenue, spent Sunday visiting relatives and friends at Fontana and Victorville. A strong desert wind made an otherwise pleasant day uncomfortable.

## Want "hurry" without flurry?

The new automatic gas ranges give you instant choice of any heat. Visit a dealer today.

If you want to save time, you'll welcome the speed of modern gas cookery. Take top burners, for example. When you turn on the top burner of an automatic gas range, you have instant heat. Any of a thousand or more heats, too, from full flame for fast boiling to mere pinpoints of flame for keeping foods warm. This visible flame heat eliminates guesswork. You can always see exactly how much heat you have... can immediately obtain the right temperature for every food. And when you turn gas down there's no lingering heat to cause boil-overs or scorching.

The best way to enjoy the many exclusive advantages of gas is in a new automatic gas range. See the new models at dealers' or your Gas Company. Look for the one that fits your family needs. You'll find that it costs less to buy, less to operate.

## COUNTY COMMENT

By GEORGE E. HART

Time was when that money-wise institution, the biggest life-insurance company, refused to make loans in Southern California territory where they had such a hair-brained scheme as the Metropolitan Water district's project on the Colorado river, 300 miles away. Today, the Metropolitan Water district is doing right well, and territory all through the Southland is flocking into it, so that the day may come when it will prove its ability to handle even more hair-brained schemes.

When the future development of this territory possibly requires more water than the Colorado can furnish, MWD will be big enough to go anywhere necessary to get whatever water is necessary.

That contrasting picture of yesterday and today was painted last week for Santa Ana Kiwanis club by Joseph Jensen, president of the Metropolitan Water district. It forms a chapter in the amazing story of Southern California.

Incidentally, Jensen added, the life insurance company is now investing heavily in Southern California.

Jensen did not mean that the Colorado river will someday fail to supply all the water Southern California needs. Even if Arizona puts across its fantastic central project and grabs some of California's allotment of water from the river, the future growth of this territory would not be halted, he said.

One reason the Colorado river supply isn't likely to run short is because the upper basin states, Utah, Wyoming and Colorado, have no place to use all of the water allotted to them under the inter-state agreement. A major share of their water will always come down the river, Jensen predicted.

Even the U. S. Reclamation Service, which Jensen described as formerly an institution of high-grade engineers but now a political money-grabbing machine isn't likely to find enough phony projects in those states to use up their water allotments.

MWD owns 1,200,000 acre feet of water rights on the Colorado river, but is last in line of California owners, so whatever share of this state's water Arizona might grab would come out of MWD's share.

Whatever happens on the Colorado, Jensen foresees a future filled with 12,000,000 people and at least \$15 billion in assessed property valuation, which would make MWD such a mighty financial force that it could bring water from anywhere.

He emphasized, however, that the scheme for bringing water from the Feather river or similarly distant points is practical only for industrial use. Industry could afford it but irrigation could not, he declared.

The MWD president appeared to frown upon current proposals by Engineer A. M. Rawn and his Los Angeles county sanitation districts to reclaim water from sewage. For one thing, he indicated it was competition with MWD's water program. The day will come, Jensen said, when sewage will be reclaimed for industrial water, but that time has not arrived.

Meanwhile, Metropolitan Water district, which once held tightly to its water supply and was choosy about who could get in, has swung its policy completely about. Now it will take in any territory that wants in and will meet the terms.

More than that, MWD stands by with its big Colorado water supply, holding an umbrella over even those areas that do not want in—now. When such areas suddenly find themselves badly in need of water later, MWD will have it. That's the way Jensen put it.

MWD, the silent insurance policy, sounds like a pretty handy gadget to have around.

## I Rise To Remark

(Continued from Page 2)

We made what may be the best cut of the series of bills. On the Floor I took an additional \$4,000,000 off the President's "Emergency Fund," which he uses to avoid asking Congress for money for pet projects, and we took a few million off here and there, to the total of about \$10 million.

It is not easy. With a deficit of \$14 billion facing us, which means more taxes or more inflation, we face fights over removing duplicating services from the Veterans Administration, or an inadequate and duplicating item from the ICC. We will have our annual argument over public housing, which cities, one by one, now realize is more costly, more political, slower in production, than either private builders or local governments can provide.

I can only repeat, the people in the grass roots, especially in the cities, have not yet made themselves heard on the subject of taxes, inflation, spending, and a 40 cent (or less) dollar.

### BERT SAYS:

"All you kids must be ready for a new danger—the Atomic Bomb. You'll know it right away 'cause it explodes with a flash brighter than the sun; brighter than anything you've ever seen before. Then comes a very big wind that could knock you down. The wind will blow lots of bricks and glass through the air, too. So you must be ready and know what to do."

**'Chit-Chat from  
The Teeners'**By Gloria McKinzie  
and her helpers

Congratulations! To Kay Kelliker and Donnie Steffans who are now going steady.

Dee Coelho, Joey Mello, Rosetta Smith, Narcie Ferreira, Roberta Raub, and Kaker Van Dyke were seen at the plunge in L. B. Friday night.

Norma Bounds and Ronnie Hawkins have now set the date for the big event and she has a beautiful sparkler to show for it. We wish them all of the luck in the world.

Lolly Slabaugh and Ronnie Legg went to the show Saturday night in L. B. Double dating with them were Nolan Blackman and Ann Giradino.

Beverly Cook, Johnny De Bruyn, Norma Bounds, and Ronnie Hawkins went to the San Diego Zoo Sunday.

Judy Moorehead and Joh Vierra went to the show at the Lakewood drive-in Friday night.

Lolly Slabaugh announced today (Wednesday) that her pet peeve is jealous girls!

Friday night Gloyd Donothan and Sherry Van Dalsem went to the Roadium drive-in. Sherry's just real happy that Gloyd doesn't have to go in the army after all.

Nolan, Ann, Lolly, Ronnie, and Chuck Bell were seen wearing out Airplane Dip Tuesday and were later seen terrorising Huntington Beach.

**FAMILY PLANS  
NICE SURPRISE  
ON ANNIVERSARY**

Mr. and Mrs. Ralph Ellsworth were surprised on the occasion of their thirty-eighth wedding anniversary by members of the immediate family. The group gathered at the Ellsworth home to pay their respects. The couple was married in Nebraska.

After gifts in honor of the milestone had been opened and admired, three cakes were served with ice cream and coffee.

Present were Mr. and Mrs. John Lukens and children; Mr. and Mrs. Harvey Ellsworth and children; Mr. and Mrs. Glenn Miser and children; Mr. and Mrs. Melvin Weir and daughter; Mr. and Mrs. N. L. Chapman and daughter, Jayne; Mrs. Sara Chapman and Mrs. Ethel Rutledge.

Sgt. Jack Brown, who was a popular quarterhorse jockey at the Vessel ranch in his civilian days, has a lot to think about as he goes about his duties in army supply on the island of Kego Do off Korea. Ten days before his rating was "upped", he became the father of a bouncing baby boy. His wife is the former Miss Pat Ketchum. Brown has been overseas eight months and is stationed on the island where soldiers are sent to guard prisoners as a "rest period" after heavy fighting at the front.

Mr. and Mrs. Clyde Thompson drove to Irvine park, past Irvine lake and on to Lake Elsinore for a pleasant drive on Sunday.

**Primary Election  
Battle Lines  
Drawn**

Battle lines for the June 3 primary election were clearly drawn today, as the closing of the candidates' filing period disclosed strong contests in prospect for several offices, and only two nonpartisan offices without a race in sight.

Superior Judge Kenneth E. Morrison again was slated for re-election, this time to his third term, without opposition. County Supervisor C. M. Featherly of Santa Ana has no opponent for re-election to his second term, the first time there has been no contest for this seat in the memory of the oldest county officials.

In the third supervisorial district Supervisor Ralph J. McFadden of Placentia has one opponent, Edward Faulkner, Stanton-Buena Park businessman and rancher.

The ballot assures a republican to represent Orange county again in the state senate, as no democrat filed. Speaker Sam L. Collins of the state assembly, from Fullerton, and Rancher John A. Murdy, Jr. of Wintersburg, both republicans, have filed on both party tickets. They are competing for the seat being vacated by Senator Clyde Watson of Orange, republican, who is retiring.

Assemblyman Earl Stanley of Newport Beach, republican who has cross-filed in the 4th assembly district, is opposed by Lester Van Tatenhove, Santa Ana attorney, democrat, who did not cross file, and Charles Hindley, former Santa Ana policeman, republican, who did cross file.

For Collin's assembly seat in the 75th district, four candidates are in the field. Glen McCloud of Anaheim, former republican county chairman; Leroy Lyon, Jr., of Fullerton, naval officer, and Frank Rosaw, Placentia publisher, all republicans, all have cross filed. R. B. White, Westminster contractor, democrat, also has cross filed.

Judicial offices to be filled under the lower court reorganization effective next Jan. 1 produced a host of candidates, 16 candidates seeking the five seats on the bench.

Only two candidates are trying for judge of Anaheim-Fullerton municipal court. Both are now presiding over justice courts, John Shea of Anaheim and Lloyd Verry of Fullerton. Elmer R. Guy, Fullerton attorney, had declared his intention to run, but did not file.

The new 28th congressional district will choose between five republicans and one democrat, three from Orange county and three from San Diego county. The five republicans all filed for the democratic nomination as well as that of their own party.

The three Orange county candidates are: City Judge Frank Lin-

**POLITICAL ADVERTISEMENT****Glen McCloud Says**

A definite part of the freedom we have taken for granted through the years is the right of any man or woman in the nation to engage in his own business.

Because of free enterprise, men have prospered through the expedient of greater production and merchandising in their business. In doing so, they have provided jobs of many kinds for their neighbors. As time has gone on, government has assumed the right to limit and control business as it sees fit.

Only in America—land of freedom, could an individual or groups of individuals own and operate their business and derive income without wholly turning the proceeds over to the government.

I firmly believe each and every one of us should dedicate ourselves to the preservation of the individual's right to make an honest living under the law!

CANDIDATE FOR 75th ASSEMBLY DISTRICT (Pol. Adv.)

**Claim Water  
Flow Changed**

Claiming damage of \$3000 and asking an injunction to prevent their neighbors from alleged interference with the "natural flow and drainage" of surface waters, Mr. and Mrs. Charles R. Huddleston filed Superior Court suit today against their Miller Rd. neighbors.

Mr. and Mrs. Edward T. Behrens, Mrs. Ethel M. Stewart and others were named as defendants. The Huddlestons, owning 2½ acres on Miller Rd., claimed that their neighbors filled a drainage ditch and so diverted the natural flow of water.

Mr. and Mrs. M. W. Ross, 5411 Lincoln ave., moved this week to Costa Mesa. Moving into the residence were Mr. and Mrs. Richard Van Dyke, formerly of Artesia. Mrs. Van Dyke is the former Miss Marie Schelling.

Norman Duncan, son of Mr. and Mrs. James Duncan, has been promoted to sergeant. He has been in Korea since last July and hopes to be sent home in May, according to word received by his family here.

Mr. and Mrs. Horace Greenhaw have returned to their home in Baltimore, Maryland. They visited in Cypress with her parents, Mr. and Mrs. Charles Colvin, for several months.

nell of Newport Beach, James B. Utt and David Farrell, both of Santa Ana. San Diego county candidates are: Oscar Knappe of Escondido and John N. Steiger of Ocean-side, both republicans, and Lionel Van Deerlin of Poway, former San Diego newspaperman, now director of information in Orange and San Diego counties for the Office of Price Stabilization.

Ralph Mason has enlisted in the navy, according to information from his father, B. J. Mason. The family now lives in Buena Park, but Ralph went to school in the Cypress elementary school and Anaheim Union High school and has a host of friends here.

Mr. and Mrs. R. H. Hodge and three children moved from the house next to the Cypress garage to a home at Santa Ana Gardens last week.
